

# St Mary's RC Primary School

Friday 19th April 2024

@StMarys\_SW8

Dear parents and carers,

We were happy to welcome you all back after your Easter break and hope you had a relaxing and peaceful time with your families. It is now officially Eastertide- do see the back of this newsletter to read ways to celebrate this time with your child.

The start of term has been a positive one-starting with our family reading breakfast on Wednesday-thanks to all who signed up and joined us and we look forward to hosting another family event soon. Writing Family learning will take place this term-dates to follow.

Please keep **Friday 28th June** in your diary-when we will be hosting our annual Multicultural Food and Family event. Looking forward to it already!

We wish our 1 mile runners well on Saturday when we take part in the Mini Marathon-finishing on the same famous finish line as Mr Esa when he completes the full 26.2 miles on Sunday!

If you'd like to run a little closer to home, do come and join us for the Run Battersea Run event in Battersea Park next Sunday 28th April at 2pm-please register using the QR code on page 6 of this newsletter.

Have a lovely weekend-running or not!

### **Dates for your Diary**

26th April - Y2 on Great Fire Of London Walking Tour

29th April– Class photos

30th April—Y3, Y4 and Y5 to Royal Academy of Dance

1st May - EYFS Learn to Love to Read sessions start

2nd May - Y5 class assembly at 9am

13th—17th May - KS2 SATs

17th May - Y6 TFL Workshop

20th—24th May - KS1 optional SATs

27th—31st May - Half term

Monday 3rd June– INSET day

### **Wednesday Word**

**The Wednesday word this week is TRUST**

“It is important to have friends we can trust, but it is essential to trust the Lord who never lets us down. This is the key to success in life”

Pope Francis

### **Our Mission Statement**

‘A man took a grain of mustard seed and sowed it in his field. Indeed the seed is smaller than all other seeds but when it is grown, it is greater than the herbs, and becomes a tree, so that the birds of the air come and lodge in its branches’

Matthew 13.31

### **Food Collection**

We are very lucky to still be working with City Harvest, they donate a huge amount of food to us every week and that enables us to offer our food bank.

Please pop down every Tuesday from 3:15pm to see what we have on offer!

## KS1 and KS2 Maths Challenge!

### KS1 challenge

How long is the crayon?

The crayon is \_\_\_\_\_ cm long.

How much longer is the crayon than the pencil?

### KS2 challenge

One third of the animals in Jacob's flock are goats, the rest are sheep.  
There are twelve more sheep than goats.

How many animals are there altogether in Jacob's flock?

# FAMILY BIKE RIDE

WANDSWORTH

[www.wandsworthworkmatch.org](http://www.wandsworthworkmatch.org)  
#EmployWandsworth

## How to get there:

**Buses:** 28, 37, 39, 44, 87, 156, 170, 220, 270, 337

**Nearest Train Stations:** Wandsworth Town and Clapham Junction.

There is no parking at the Civic Suite or Town Hall.

**Nearest car park** is Sainsburys or Southside car park off Garratt Lane.

Due to a recent surge in Measles cases in London, we have been asked to share the following information.

## Measles factsheet

### What measles is

Measles infection is caused by a virus, and spreads between people very easily. Once symptoms start, people can become unwell quickly. You can get measles at any age, but it is often young children who catch it.

### How measles spreads

You can catch measles through close contact with someone who has measles. This could be from the air when they cough or sneeze, or by touching things that someone with measles has coughed or sneezed on. Measles spreads very easily in households and in other places where people mix closely together.

You can be protected from catching measles if you have had 2 doses of the measles, mumps and rubella (MMR) vaccine, or if you have had the infection before.

A person with measles can spread the infection in the 4 days before they get the rash until 4 days after they develop their rash.

### Symptoms of measles

Symptoms of measles usually start between 10 and 12 days after catching the infection. Sometimes it can take up to 21 days for any symptoms to appear.

Measles usually starts with cold-like symptoms. The first symptoms of measles include:

- a high temperature
- a runny or blocked nose
- sneezing
- a cough
- red, sore, watery eyes

Small white spots may appear inside the cheeks and on the back of the lips a few days later. These spots usually last a few days.

A rash usually appears 2 to 4 days after the cold-like symptoms started. The rash starts on the face and behind the ears before spreading to the rest of the body.

The spots of the measles rash can sometimes be raised. They may join to form blotchy patches. They are not usually itchy.

The rash looks brown or red on white skin. It may be harder to see on brown and black skin.

### How serious is measles?

Around 1 in 15 people with measles can become seriously unwell. Younger children, pregnant women and people with weakened immune systems are more likely to become seriously unwell.

The more serious complications of measles can include:

- ear infections
- lung infection (pneumonia)
- diarrhoea
- dehydration
- fits (which are less common)

Measles infection during pregnancy can result in the loss or early birth of the baby.

### Preventing measles

Having the MMR vaccine is the best way to prevent measles.

The vaccine is usually given to children in two doses. The first dose is given to children aged 12 months old, and the second dose is given after they are 3 years and 4 months old.

If your child is identified as a close contact of someone with measles, sometimes your doctor may recommend the MMR vaccine is given earlier than these scheduled doses. If a dose is given to an infant aged under 12 months then the usual 2 doses of MMR still need to be given at the usual times (with a minimum of 1 month gap between any doses).

If someone has missed a dose or are unsure if they have had any vaccinations, the vaccine can be given at any age. Parents and guardians can check their child's red book for their vaccination records.

Pregnant women or people with weakened immune systems should not have the vaccine. If they think they have had contact with someone with measles they should speak to their GP or midwife for further advice.

For more information on MMR vaccinations visit:

<http://www.nhs.uk/conditions/vaccinations/mmr-vaccine>

Or scan the QR code:

A person with measles can spread the infection in the 4 days before they get the rash. Once a person has the rash, they can still spread the infection for another 4 days.

If you have been told by a healthcare professional that you might have measles, you should stay away from childcare, school or work for at least 4 days from when your rash first appeared. You can return to your normal activities after 4 days if you feel well and you no longer have a temperature.

#### **Treatments for people with measles**

Measles usually starts to get better in about a week.

It can help to rest and drink plenty of fluids, such as water, to avoid dehydration.

Measles can sometimes cause other illnesses. You may be given antibiotics to treat them.

If you have been told by a healthcare professional that you might have measles and think that you or your child are developing more serious health effects, you should contact your GP.

**Ten:Ten**  
Resources

**April 2024**

It's officially Eastertide - a time for rejoicing! This significant season is the longest time of celebration in the Church's calendar (50 days!) because of the great news that Jesus has risen!

In times when the news of our world is not always so good, Eastertide gives us a bigger perspective. This Good News is at the heart of all our resources and is particularly highlighted as we enter this summer term.

This newsletter shares some of the content children will experience in school throughout April and suggests ways for you to engage with them about it. We hope it is a useful resource for your family prayer time.

### **Alleluia!**

Throughout the first half of the summer term, children will be introduced to **Ten Ten's Gospel Acclamation** where they will learn and sing along to the '**Alleluia**'. As St Pope John Paul II said, "*We are an Easter people and Alleluia is our song!*" Alleluia means 'Praise the Lord!' and Eastertide is the perfect time to bring our praises to God through this response, typically sung in the Gospel Acclamation. Why not listen and learn the 'Alleluia' with your child/ren and make time to thank God for what He is doing in your family's life?

*With your child, why don't you...*

*Investigate where people 'Praise the Lord' in the Bible and discuss what praising God looks and sounds like. You might like to start with [Psalm 150](#).*

*Choose a time each week as a family to share something you are thankful for. You could even sing the Alleluia once everyone has shared to give thanks to God for these things.*
