Music

Ukulele

Be able to keep a pulse with the class and play as an ensemble

To learn how to read chord charts

To learn names of all the strings and learn 3 chords

To learn songs on open strings

To sing and play with and without accompaniment

PE

Basketball

Invasion Games and fundamental movements:

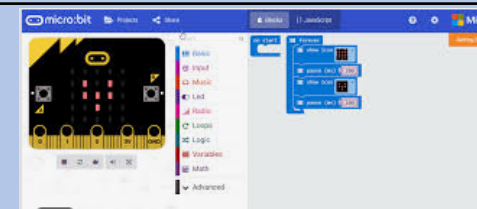

- balancing, changing direction, using directions as a guide to move around an area

- catching, sending & receiving of an object - manipulation of that same object.

Computing

Children will be introduced to programming using variables. They will design and program the Micro:bit to work as both a star-jump counter and a step counter, helping them see how coding can link to real-life activities. Along the way, they'll build their coding skills using Chromebooks, Micro:bits, and the MakeCode programming tool.
